ommencement

May 13, 2022

The Veterinarians' Oath

Being admitted to the profession of veterinary medicine, I solemnly swear to use my scientific knowledge and skills for the benefit of society through the protection of animal health and welfare, the prevention and relief of animal suffering, the conservation of animal resources, the promotion of public health, and the advancement of medical knowledge.

I will practice my profession conscientiously, with dignity, and in keeping with the principles of veterinary medical ethics.

I accept as a lifelong obligation the continual improvement of my professional knowledge and competence.

Adopted by the House of Delegates, July 1969

Amended by the Executive Board, 1999 and 2010

Program

Welcome

Dr. Leah Cohn

Interim Associate Dean for Academic and Student Affairs

Introductions

Dr. Carolyn J. Henry

Dean

Dr. Eleanor Green

*Professor Emerita and Dean Emerita of Veterinary Medicine,
Texas A&M University*

President Mun Y. Choi

University of Missouri System

Chancellor, University of Missouri

Curator Robin Wenneker

University of Missouri System

Dr. Christopher Daubert

*Vice Chancellor for Agriculture and Dean of the College of
Agriculture, Food and Natural Resources,
University of Missouri*

Dr. Jose Arce

President, American Veterinary Medical Association

Dr. Steve Strubberg

Missouri State Veterinarian

Dr. Edward Migneco

President, Missouri Veterinary Medical Association

Dr. Joan Coates

*Interim Director of the MU Veterinary Health Center
College of Veterinary Medicine Alumni Association*

2022 COMMENCEMENT

COLLEGE OF VETERINARY MEDICINE, UNIVERSITY OF MISSOURI

Program

Remarks	Curator Robin Wenneker President Mun Y. Choi Dr. Jose Arce
Greetings from the Alumni	Dr. Joan Coates
Address	Dr. Eleanor Green
Assisting in the Commencement Ceremony	Dr. Brenda Beerntsen <i>Chair, Department of Veterinary Pathobiology</i> Dr. John Dodam <i>Chair, Department of Veterinary Medicine and Surgery</i> Dr. Brian Frappier <i>Associate Teaching Professor of Biomedical Sciences</i> Dr. Martha Scharf <i>Assistant Teaching Professor of Equine Medicine</i> Dr. Kelly Varner <i>Assistant Teaching Professor of Veterinary Anesthesiology</i> Dr. Colette Wagner-Mann <i>Associate Teaching Professor of Biomedical Sciences</i>
Recognition of Completion of Internships, Residencies and Graduate Programs	Dr. Carolyn J. Henry
Presentation of the BSM Degree	
Presentation of the DVM Degree	
Investiture	Dr. Leah Cohn
Conferring of the Degrees	Curator Robin Wenneker
Veterinarian's Oath	Dr. Edward Migneco
Response	Dr. Matthew Oerly for the Class of 2022
Closing	Dr. Carolyn J. Henry

Our Keynote Speaker

ELEANOR M. GREEN, DVM, DACVIM, DABVP

Professor Emerita and Dean Emerita of Veterinary Medicine at Texas A&M University, Veterinary Consultant and Senior Advisor/Consultant for Animal Policy Group

Eleanor M. Green is a passionate veterinarian who has loved going to work every day throughout her entire career. She received a bachelor of science degree from the University of Florida and DVM degree from Auburn University. She is a Diplomate of the American College of Veterinary Internal Medicine, Large Animal, and the American Board of Veterinary Practitioners, Equine Practice. She was a practice owner in a rural community, a founding veterinary faculty member at Mississippi State University, an equine clinician at the University of Missouri, hospital director/chief of staff and department head/chair at the University of Tennessee and University of Florida, and the Carl B. King Dean of Veterinary Medicine at Texas A&M.

She has served as president of professional organizations including the Association of American Veterinary Medical Colleges, American Association of Equine Practitioners, American Board of Veterinary Practitioners, and the American Association of Veterinary Clinicians. She was the first woman president of three of these organizations.

Dr. Green's awards include induction into the National Cowgirl Hall of Fame, AAVMC Billy E. Hooper Award for Distinguished Service, VMX ICON Award recognizing an icon in the veterinary profession, Award of Distinction from University of Florida College of Agriculture, Wilford S. Bailey Distinguished Alumnus from Auburn University, Women's Progress Award for Administration at Texas A&M, Distinguished Achievement Award for Administration at Texas A&M, AAVC Faculty Achievement Award, and Outstanding Auburn University Graduate at the 100 Years of Women at Auburn celebration. She was honored at Texas A&M by an Endowed Excellence Fund in her name and the Eleanor Green Endowed Scholarship for Veterinary Students.

Dr. Green has special interests in the future of the profession, innovations, animal welfare, leadership, and exciting future veterinarians.

Nobody made a greater mistake than he who did nothing because he could do only a little. - Edmund Burke

Residents

Graduate Students

DOCTOR OF PHILOSOPHY

Scott Brown	Doctor of Philosophy, Biomedical Sciences
Melissa Coy	Doctor of Philosophy, Pathobiology Area
Ryan Dashek	Doctor of Philosophy, Pathobiology Area
Sean Greer	Doctor of Philosophy, Pathobiology Area with Integrative Anatomy Focus
Gabrielle Hofmann	Doctor of Philosophy, Pathobiology Area
Shannon Kelly	Doctor of Philosophy, Biomedical Sciences
Emily Lessner	Doctor of Philosophy, Pathobiology Area with Integrative Anatomy Focus
Xuansong Mao	Doctor of Philosophy, Biomedical Sciences
Kayla Marks	Doctor of Philosophy, Molecular Pathogenesis and Therapeutics
Lynn Martin	Doctor of Philosophy, Pathobiology Area
Sammuel Shahzad	Doctor of Philosophy, Pathobiology Area
Samuel Sullivan	Doctor of Philosophy, Pathobiology Area with Integrative Anatomy Focus
Aida Vientos-Plotts	Doctor of Philosophy, Pathobiology Area
Preston Wolfe	Doctor of Philosophy, Pathobiology Area

You gain strength, courage and confidence by every experience in which you really stop to look fear in the face. ~ Eleanor Roosevelt

Graduate Students

MASTER DEGREES

Amira Amin	Master of Science, Biomedical Sciences
Hayley Ashworth	Master of Science, Biomedical Sciences, Veterinary Medicine and Surgery
Rachel Bonacker	Master of Science, Animal Sciences
Taylor Eshmont	Master of Public Health, Veterinary Concentration
Allison Fuchs	Master of Science, Biomedical Sciences, Veterinary Medicine and Surgery
Logan Funk	Master of Science, Biomedical Sciences, Veterinary Medicine and Surgery
Samantha Haw	Master of Science, Biomedical Sciences, Veterinary Medicine and Surgery
Lyndsey Hayden	Master of Science, Biomedical Sciences, Veterinary Medicine and Surgery
Courtney Karr	Master of Public Health, Veterinary Concentration
Kelsie Kermendy	Master of Public Health, Veterinary Concentration
Rachael McCorkle	Master of Public Health, Veterinary Concentration
Alexandria Miller	Master of Public Health, Veterinary Concentration
Allison Naclerio	Master of Public Health, Veterinary Concentration
Madison Naes	Master of Public Health, Veterinary Concentration
Luis Rivero	Master of Science, Biomedical Sciences, Veterinary Medicine and Surgery
Lauren Ross	Master of Science, Biomedical Sciences, Veterinary Medicine and Surgery

Undergraduate Students

BACHELOR OF SCIENCE

Kirsten Kaye Gillespie	Microbiology, Departmental Honors Candidate
Holly Ann Manning	Microbiology
Alexandra Davina Pietrasanta	Microbiology, University Honors Candidate
Elizabeth R. Stevenson	Microbiology

Every great dream begins with a dreamer. Always remember, you have within you the strength, the patience, and the passion to reach for the stars to change the world. - Harriet Tubman

History of the College

*V*eterinary medicine at the University of Missouri began modestly in 1872 as a course in veterinary science. It quickly grew into a department of veterinary science, a school of veterinary medicine within the division of animal sciences, a school of veterinary medicine as a separate division, and finally, a College of Veterinary Medicine. The young endeavor started early in assisting Missouri's agriculture. In 1885, the first vaccine-virus laboratory in the United States was established at the MU veterinary science department. Staff veterinarians taught courses to both medical and agricultural students, conducted research on tick fever, and investigated livestock disease throughout the state.

The college's first significant growth occurred in 1910 when Connaway Hall was built to house veterinary medical education activities, research of animal and poultry diseases, vaccine production, and diagnostic work for livestock owners.

In 1946, a professional curriculum leading to the doctor of veterinary medicine degree was established to offer educational opportunities for World War II veterans. In 1950, the first 26 MU-educated veterinarians graduated.

Class size rose first to 30 students, then to 60, and then to 76 in response to a national shortage of veterinarians. In the early 1980s the need for veterinarians stabilized, and MU enrollment was reduced to 64 per class. As the demand for veterinarians has again increased, the college admitted 68 students in 2004, 76 in 2005, 80 in 2008 and approximately 120 since 2010. In 2019, the college launched a bachelor's degree program in microbiology within the Department of Veterinary Pathobiology. The program had its first graduate in December 2021.

In 1961, as the college grew, a teaching hospital was built southeast of Connaway Hall. A diagnostic laboratory and teaching and research building followed. Clydesdale Hall, a 144,000-square-foot teaching hospital, was completed in early 1993.

The University of Missouri College of Veterinary Medicine is the state's only institution that confers the doctor of veterinary medicine degree and is one of only 33 in the United States. It has graduated more than 4,000 veterinarians who serve animal owners, agriculture, government, industry and academia in Missouri and throughout the world.
