

WE ARE HIRING

# DISCOVER WHAT MATTERS.

**Innovative research, creative scholarship, connection, collaboration, lifelong learning and lots of opportunity—Mizzou has it all.**

## POSITION SUMMARY

We have an opening for an **open rank NTT or TT Professor in Veterinary Neurology and Neurosurgery**. The successful candidate will work with the service to enhance referral caseload and to train students and house officers in neurosurgery and neurology. Additionally, the service covers didactic teaching responsibilities including classroom lectures and laboratories. The Neurology and Neurosurgery Section offers opportunities for collaborative or independent basic, translational, and clinical research. Collaborative partners include MU's Interdisciplinary Neuroscience Program, The NextGen Precision Health Center, and the MU School of Medicine.

### About the College of Veterinary Medicine

The College of Veterinary Medicine at MU is on a mission to inclusively educate and train outstanding clinicians and scientists from diverse backgrounds, generate new knowledge, engage stakeholders, and foster economic growth, all of which promote and protect the health and welfare of animals and people. **Simply put, our mission is to Teach, Heal, Discover and Serve.**

### About the University

As a flagship, land-grant institution and one of only 65 universities across the U.S. and Canada to be a member of the prestigious Association of American Universities, the University of Missouri is a campus where empathy, innovation and hard work combine to solve the world's grand challenges. We tackle diverse problems because Missouri is a diverse state—from the southern Ozarks to the northern plains. We are Mizzou, where Black and Gold runs deep and Truman the Tiger embodies our bold spirit.

### About Columbia

Ranked by the American Institute for Economic Research as one of the nation's top 10 college towns, Columbia combines small-town comforts, community spirit and a low cost of living with big-city culture, activities and resources. Our city of about 110,000 people lies midway between Missouri's largest metro areas: St. Louis and Kansas City.

## POSITION INFORMATION

**Specialty: Neurology/Neurosurgery**

**Type: Open Rank Professor (NTT/TT)**

**Department: Veterinary Medicine & Surgery**

**Job ID #: 44111**

### TEACH | HEAL | DISCOVER | SERVE

#### Responsibilities

- Providing clinical instruction of students (professional), interns, and residents in veterinary neurology and neurosurgery utilizing the caseload of the VHC.
- Contributing to the professional and graduate curriculum by participating in classroom and laboratory instruction. Opportunities for online instruction are possible.
- Representing the University, College, and VHC through outreach activities for animal-owning public, referring veterinarians, or other relevant stakeholders.
- Providing consultation to off-site, university-operated clinics.
- Participation with other faculty and house officers in after-hours call.
- Participation in the discovery process by participating in collaborative research and graduate/house officer research.
- Participation in faculty governance activities.
- As with all positions, involvement with other duties and responsibilities may be expected to support the mission and purpose of the University of Missouri.

#### Minimum Qualifications

- Doctorate in Veterinary Medicine (DVM) or equivalent degree (such as VMD, BVSc).
- Diplomate status or eligibility for certification by either the American College of Veterinary Internal Medicine (Neurology) or the European College of Veterinary Neurology, or completion of an approved neurology/neurosurgery residency training by appointment start date.

#### Candidates will be evaluated on:

- Eligibility for licensure to practice veterinary medicine in Missouri.
- Professional, residency and graduate training
- Educational and professional achievement, career goals and the needs of the college.
- Communication skills, experience working effectively in diverse environments and letters of reference will also be considered in selection of a successful candidate.
- We are seeking a candidate with interest in practicing leading-edge medicine/surgery, who has a passion for teaching, and who may have potential to participate in multidisciplinary research and establish a sustainable research program.

***This is a full-time, benefit eligible, 12 month/year appointment. Teaching or tenure track options are available depending on the qualifications and interests of the candidate.***

*The University of Missouri System is an Equal Opportunity Employer. Equal Opportunity is and shall be provided for all employees and applicants for employment on the basis of their demonstrated ability and competence without unlawful discrimination on the basis of their race, color, national origin, ancestry, religion, sex, pregnancy, sexual orientation, gender identity, gender expression, age, disability, or protected veteran status, or any other status protected by applicable state or federal law. This policy applies to all employment decisions including, but not limited to, recruiting, hiring, training, promotions, pay practices, benefits, disciplinary actions and terminations*
