

WE ARE HIRING

DISCOVER WHAT MATTERS.

Innovative research, creative scholarship, connection, collaboration, lifelong learning and lots of opportunity—Mizzou has it all.

POSITION SUMMARY

We seek candidates for a **Clinical Instructor, Assistant Teaching Professor (NTT) or a Assistant Professor (TT) in Food Supply Veterinary Medicine**. The University of Missouri has a broad-based food animal program that includes in-house clinical services, field service, and a production/regulatory/public health service. While this position will primarily focus on ambulatory/field service, some time may be dedicated to the in-house clinical service as dictated by scheduling needs. The person filling this position will be expected to provide care of patients in the clinic and the field when assigned to emergency duty.

About the College of Veterinary Medicine

The College of Veterinary Medicine at MU is on a mission to educate and train outstanding clinicians and scientists from diverse backgrounds, generate new knowledge, engage stakeholders, and foster economic growth, all of which promote and protect the health and welfare of animals and people.

Simply put, our mission is to Teach, Heal, Discover and Serve.

About the University

As a flagship, land-grant institution and one of only 65 universities across the U.S. and Canada to be a member of the prestigious Association of American Universities, the University of Missouri is a campus where empathy, innovation and hard work combine to solve the world's grand challenges. We tackle diverse problems because Missouri is a diverse state—from the southern Ozarks to the northern plains. We are Mizzou, where Black and Gold runs deep and Truman the Tiger embodies our bold spirit.

About Columbia

Ranked by the American Institute for Economic Research as one of the nation's top 10 college towns, Columbia combines small-town comforts, community spirit and a low cost of living with big-city culture, activities and resources. Our city of about 110,000 people lies midway between Missouri's largest metro areas: St. Louis and Kansas City.

POSITION INFORMATION

Specialty: Food Supply Medicine **Type: Clinical Inst. or Asst. Prof. (NTT or TT)**

Department: Veterinary Medicine & Surgery

Job ID #: 49168

TEACH | HEAL | DISCOVER | SERVE

Responsibilities

- Participating in the clinical curriculum and providing service to clients.
- Interacting with the animal-owning public, referring veterinarians, students, commodity groups, extension faculty, animal science faculty, and the Missouri Department of Agriculture.
- Sharing after-hours call with other faculty and house officers.
- Participating in intern, resident, and graduate student training.
- Participating in clinical/production- based research.
- Individuals in the tenure track will be expected to develop a productive, funded research focus.
- As with all positions, involvement with other duties and responsibilities may be expected to support the mission and purpose of the University of Missouri.

Minimum Qualifications

A Doctorate in Veterinary Medicine (DVM) or equivalent degree (such as VMD, BVSc)

Candidates will be evaluated on:

- Relevant experience in an area of Food Animal Medicine.
- Interest in practicing up-to-date medicine/surgery and a passion for teaching.
- Eligibility for professional licensure (faculty or regular license) to practice Veterinary Medicine in the State of Missouri (be able to obtain within 3 months of their start date).
- Eligibility to obtain and maintain DEA and BNDD registrations.
- Eligibility to obtain and maintain Federal Accreditation by the USDA.
- Board Certification / Diplomate status or eligibility in a relevant food animal specialty is desirable, but not required.
- Residency or further graduate training is desirable, but not required.

Search Criteria:

Candidates will be assessed based upon educational and professional achievement. Clinical experience, communication skills, leadership experience, experience working effectively in diverse environments, and letters of reference will all be considered in selection of a candidate. The potential for the candidate to work within the framework of the community practice section will also be assessed, as will specialty and/or research training and teaching experience.

The University of Missouri is committed to a policy of equal opportunity without regard to race, color, religion, gender, gender identity or expression, age, sexual orientation, national origin, ancestry, disability, military status, or genetic information in employment, admission to and participation in academic programs, activities, and services, and the selection of vendors who provide services or products to the university. To fulfill that policy, the University of Missouri-Columbia is further committed to a program of affirmative action to eliminate or mitigate artificial barriers and to increase opportunities for the recruitment and advancement of qualified minorities, women, persons with disabilities, and covered veterans. It is the policy of the University of Missouri-Columbia to comply with the applicable federal and state statutes, rules, and regulations concerning equal opportunity and affirmative action.
