6. CVM custodial staff: I would like to nominate Byron Hamilton, George Paige, and Randy Wallace for their efforts in keeping the CVM building looking great. In addition to these duties, all three have been incredibly helpful to me in keeping small issues from becoming larger ones. Their focus on building security is something they are rarely recognized for. Thanks for your consideration. - Keith Broadus
7. Lillian (Lily) McCandless : Lily just joined the ophthalmology team in April after a long period of not having any support staff for the service. She has already far exceeded our expectations! She jumped right into her role and has been outstanding adjusting to the flow of things. While she is already an experienced licensed technician, ophthalmology is a very different environment than the emergency medicine she was used to. She shows up each day ready to learn and help out however she can. In the 2 months she has been with us, she has gone out of her way to reorganize closets/supplies/instruments and update spreadsheets/etc. so that our service can run as efficiently as possible. We are so happy that you're here Lily! - Brayden Routh
8. Claire Bryan: Claire is an amazing member of the call center and a great asset to the billing department. She goes out of her way to help students understanding the billing side of vet care, provides great support to members in the call center, and is an all-around terrific person to be around with the great energy she gives off daily, leaving everyone person that stops by at her desk leaving happier than they may have arrived. - Frances Landis
9. Karol Dinwiddie: Karol is amazing. She juggles multiple roles in the BMS office and is always available and helpful to all, students, staff and faculty. - Anonymous
